About El Cerrito Yoga:

Our Beginning Yoga Class is a demanding series of 26 postures (asanas) and two breathing exercises (pranayamas), which is suitable for all ages and levels of ability. Each posture stretches and strengthens specific muscles, ligaments and joints needed for the next posture. The series also stimulates the organs, glands and nerves, moving fresh oxygenated blood to 100% of the body, restoring all systems to a healthy working order.

This 90 minute program is designed to deliver total health through the balancing and strengthening of every system in the body in order to prevent illness, injury and limit the effects of aging. In addition, the series of postures combine skills of concentration, patience, determination and self control, which lead to increased mental clarity and reduced stress.

Our Beginning Yoga Class is done in a heated room (aprox. 100-105f) to warm your muscles, prevent injury, allow a deeper workout and cleanse the body by flushing toxins.
